Dear Arquimedes Cruz Lopez,

The North American Catalysis Society Meeting is a premier scientific event in the field of catalysis. It is a forum for the discussion of relevant technological issues and state of the art research.

As Chairman, I certify that you attended the North American Catalysis Society Meeting, held in Pittsburgh, PA, U.S.A. from June 14-19, 2015.

Thank you for your participation at NAM24 as a poster presenter with references "P-Mo-B-66" entitled, "A Novel Mg-Based Alloy with Aluminum Scraps for Hydrogen Storage" and "P-Tu-B-99" entitled, "Photocatalytic Degradation of Endocrine Disrupters Under Visible Light Action Using Nanostructured NTiO₂".

Additional information regarding the 24th North American Meeting is available on the North American Catalysis Society Meeting's website: <http://nam24.org/>.

Sincerely,

A handwritten signature in black ink, appearing to read "Götz Vesper".

Götz Vesper, Chair, 24th North American Catalysis Society Meeting
